PD 1 RF KNX

Item no.: 4941675

KNX
KNX Secure

Description

- KNX push-button dimming actuator module, KNX RF, Data Secure
- 4 touch points
- Can be used universally in many 55 mm switch programmes
- Quick and easy conversion of conventional installations
- 1-gang or 2-gang rockers required as separate accessories (article numbers 9080026, 9080027)
- Secure commissioning and communication through support of KNX Data Secure

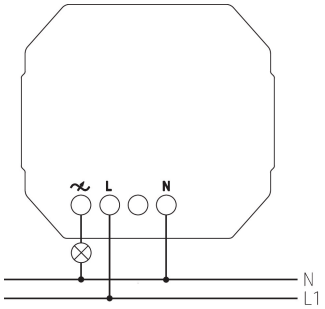

Technical data

	PD 1 RF KNX
Operating voltage KNX	Busspannung
Operating voltage	230 V AC - 240 V AC, 50 Hz - 60 Hz
Frequency	50 - 60 Hz
Installation type	Flush-mounted
Type of connection	Screw terminals
Number of channels	1

	PD 1 RF KNX
Type of contact	10 A
LED lamp 2-8 W	250 W
LED lamp > 8 W	250 W
Protection class	II
